The gender stereotypical test

In the book "Everything we don't see", we make the invisible visible. Now we want to challenge you to think about whether you are stuck in the gender stereotypical trap. And no, we don't think everyone has to do everything but, some tasks, if we don't know them, might lead to problems in the event of a separation or similar. And what do we want to pass on to our children? Do the test separately, if you live together. Then compare and discuss!
